Subject: Request for Enterprise Zone
Attachments: Request for Enterprise Zone.doc

Attached my request to be included in the Enterprise Zone. Based on the Proposed Existing Business (Current Commercial) classification to the south, the school use, the limited residential use to the north and the limited Public/Private use adjacent to the north it would be appropriate.

Traffic safety issues are limited as there is an existing Deceleration land for south bound traffic and a Deceleration lane for north bound traffic. The soils are capable of supporting a conventional Septic system.

There are other Existing Business locations in the general area.

It is my opinion there are few locations that have the commercial characteristics this property has. Thank you for your consideration.

Request for Inclusion in Enterprise Zone

Property is owned by Granville Hogg. Soils Mapping indicates good soils for conventional Septic System. Property faces roads on three sides. U.S. 13 to the west and Fairview Road on the east and Southeast. Property to the north is Willow Grove Masonic Lodge and is occupied during meetings generally 2 - 3 hours twice monthly and on Friday night and Saturday afternoon twice monthly.

The N/F Alice Satchell property is a residence that has been vacant for approximately two years.

The Property to the East across Fairview Road owned by The Lewin Family Ltd. Partnership has been for sale for 10+ years for agricultural land use.

The Property to the Southeast and south across Fairview Road is owned by Northampton County Public Schools and is Kiptopeke Elementary School.

Use History:

Property has been used for tenant housing and agricultural purposes for in excess of 100 years. Most recently it has been used as a pasture for sheep to keep the area from being overgrown. There was approximately a ten year history from 1993 till 2003 when the adjacent landowner voiced concerns about the growth at the intersection being a traffic hazard. It was determined that an animal pasture would be a alternative to mechanically mowing the 3+ Ac. parcel.

Request for inclusion into the Enterprise Zone based upon the following:

Traffic Safety Issues:

North bound traffic has a right turn into the property.

South bound traffic has a deceleration lane currently used by school buses.

Local Traffic has access through Fairview Road.

Soils:

Soils mapping indicates the area has soils that support conventional Septic Systems.

Rezoning:

The request for inclusion in the Enterprise Zone will require a rezoning from Agricultural to Commercial.
